**Faculty and Staff: HireNKU - WIIFM**

What’s In It For Me?

1. Saves Time
   - Stores students’ résumés in one place that is easily accessible by employers.
   - Employers can post co-op, internship, and full-time positions for free.
   - Employers can email students opportunities and invite them to apply.
   - Provides you a place to refer employers.

2. Higher ROI
   - Students can view co-op, internship, and full-time positions.
   - Students are encouraged to participate in on-campus interviews resulting in more internships and co-ops.
   - Easier tracking – Career Services can report who is using the system, how often and the results of usage.

3. Contacts
   - Search for positions and employers for your classroom or research needs.

**Contact 859-572-5680 for a 15-minute departmental or individual information session about the HireNKU online system.**
