Mock Interview Day 2015
Tues., September 15, 2015 | UC 225

How to sign up:
Mock Interview Day is a great way for students to practice their interview skills with employers, and receive valuable feedback to improve future interviews. This event is only offered once each year, and is available by appointment only. Follow the steps below to schedule your mock interview with an employer! However, you will need to upload a resume before signing up for Mock Interview Day.

1. Log in to Norse Recruiting ([www.myinterface.com/nku/student](http://www.myinterface.com/nku/student)) with your NKU email prefix (example VikingV1) and Norse Recruiting password. If you have never logged in, click “Forgot your password?” then enter your email prefix to have a new password sent to your NKU email address.

2. Once you have logged in, hover over “On-Campus Interview Schedules” and select “Sign-up for Interviews I qualify for” to see the list of on-campus interviews for which you qualify. Your qualification status is based on your profile, so be sure you have completed and/or updated it. To access your profile, hover over “My Account” and click “My Profile.” Click “edit” to make changes, then “Save.”

**Note:** You must upload a resume before scheduling your mock interview. To do so, hover over “My Account” and click “My Documents.” Click “Add” in the Resumes section to upload your resume.
3. Review the list of upcoming on-campus interviews and select Mock Interview Day.

4. Once you have opened Mock Interview Day 2015, click the button that says “Sign up.” **Note:** if you do not qualify, the message should specify why you do not qualify. It could be missing information from your Profile. Please call Career Services at 859-572-5680 if you need assistance.

5. You can then select a time that works in your schedule and attach a resume. You can also use Norse Recruiting to apply for internship/co-op and full-time positions, search for employer contacts, and see employers that have registered for the upcoming career fairs.
